

Company Policy

TV BOX HD has "15 days return" policy. 15% restocking fee will be applied to all opened items whether is used or not. Our products are guaranteed to work. (**After 15 days No Returns will be accepted, Should you have issues with your product we will Exchange the product at no additional cost up to 1 year**). Before making your final purchase please consult with our sales staff to see which product is right for you. Also Customers are only allowed to return products when they are defective, damaged or non-ordered products, and only with a Return Material Authorization (RMA) number. You will not be credited if you decide to return the product without an existing RMA number or any prior communication with our tech support department. RMA number must be assigned for all returns. Any product that is shipped to us without an RMA number will be refused and returned.

Credit Card Disputes

Before you contact your credit company to remove a charge you don't recognize on your bank statement, phone the telephone number next to the transaction to investigate the charge. Credit card disputes, known as "chargebacks" in the industry, take time and energy to get reversed. In most cases it was not a fraudulent charge; the credit card holder has simply forgotten about the charge.

We take chargebacks seriously!

If you contact your credit card company to remove a charge without calling us; or if you contact them to dispute the charges because we overrode your decision for "no signature" to "signature required"; or if you dispute the charges because you didn't want to make arrangements to sign, redirect, or pick up the package; or if you dispute the charge because someone in the household received the package and you were not made aware of it; or if you dispute the charge because you didn't want to wait for our refund check to arrive; or if you dispute the charge on items that were returned without an authorization; we will take action to reverse the chargeback.

If our action to reverse the chargeback is successful, a bill for an administrative fee of \$55 to process the chargeback reversal will be sent to you. If we are unsuccessful in our action to

reverse the chargeback, we will send you a bill for the original order amount plus a \$55 administrative fee.

If a package was refused and sent back to us, the original shipping cost along with the return shipping will be added to the bill. If the date of product return exceeds our 15-day Return Policy, a 15% restocking fee will also be added for all opened items. In either case, if the bill is not paid to us within 30 days, it will then be turned over to a collection agency. If the bill is not paid within 30 days after you've been contacted by the collection agency, your account will be reported to all credit bureaus as a delinquent collection account. This will stay on your credit record for at least seven years.

In cases where the chargeback is clearly fraudulent and with ill intent to get merchandise without paying for it, we will file a report with your local police and sheriff's department. If the product was delivered within the US or to a Post Office Box, we will file a complaint for criminal mail fraud with the US Postmaster.

Please call us first to investigate a transaction you don't recognize before contacting your credit card company to remove the charge.

Your transaction will appear on your bank statement as "**TTC**"
